Steps to reproduce

Step	1
Action	Open website www.teodor.bg
Input data	
Expected result	Website should open successfully

Step	2
Action	Click on the person icon
Input data	
Expected result	Login page should load

Step	3
Action	Click on Регистрация
Input data	
Expected result	Registration page should load

Step	4
Action	Enter a valid name in the Име field
Input data	Теодора
Expected result	Value should be accepted

Step	5
Action	Enter a valid family name in the Фамилия field
Input data	Димитрова
Expected result	Value should be accepted

Step	6
Action	Enter a valid email in the email field
Input data	teodora.rum.dim@gmail.com
Expected result	Value should be accepted

Step	7
Action	Enter a valid password in the Парола field
Input data	Teodora45$
Expected result	Value should be accepted and encrypted

Step	8
Action	Enter a valid password in the Повтори паролата field
Input data	Teodora45$
Expected result	Value should be accepted and encrypted

Step	9
Action	Put ticks in the three necessary boxes
Input data	
Expected result	Ticks should be successfully put

Step	10
Action	Click on "Регистрация"
Input data	

Expected result	Registration should be successful and a message "Трябва да потвърдите вашия профил. Моля проверете имейла си за линк за потвърждение или кликнете тук за да получите нов линк." should appear on the page

Step	11
Action	Open the inbox of the registered email
Input data	
Expected result	A verification email should be received

Step	12
Action	Open the email and click on Verify email link
Input data	
Expected result	The user should be redirected to the user profile page

Register leaving one necessary field empty
